Subject: Objection to building on Green Belt Land

Follow Up Flag: Follow up
Flag Status: Completed

I object to building on ANY Green Belt land anywhere in the UK . This land was set aside for our children to be held IN PERPETUITY. We have a duty to ensure it remains so. It belongs to ALL and not just a few greedy land owners and developers who want to profit. The governments will have to come up with another idea for housing and over population of the UK.
