#### How to complete the representation form:

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as 'soundness'), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council's website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live document and will be updated prior to being submitted to the Secretary of State.
- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared** – providing a strategy which as a minimum seeks to meet

the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development

- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

The building of the proposed houses is totally unacceptable in this Village. There doesn't seem to be any thought given to the local area.

Especially with regard to Local infrastructure. ie Schools. Doctors surgery. Shops. The existing traffic is getting so heavy there will be an accident soon. parking has become a nightmare and parking on the pavement seems to be the done thing. Getting a doctors appointment is very difficult. and the school is already full. Green Belt land should not be used for building houses. Redrose Lane is what it sounds a lane and 2 cars passing is not an option.

Please continue on a separate sheet if necessary

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

The use of brown field sites to build a modest amount of houses would be much more acceptable to most people in the Local areas.

Do NOT build on Greenbelt or Greenfield sites for the good of the environment and wildlife.
