

## Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Full Name

JILL FRANCES GRIFFITHS

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no.	1, 2, 5, 72, 21, 107, 108
Sustainability Appraisal	para(s)	PAGES AND PARAGRAPHS 2.6 + 2.3.1
Habitat Regulations Assessment	para(s)	
Policies Map or other supporting documents	Please specify	ANNEXE 2

Question 2: Do you consider this **Main Modification and/or supporting document**:

Legally Compliant?

YES

☐

NO

☐

Sound?

YES

☐

NO

☒

Question 3: If you consider the **Main Modification and/or supporting document** unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):

Not positively prepared

☒

Not justified

☒

Not effective

☒

Not consistent with national planning policy

☐

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

I have lived in the village for 31 years. The water table in the back garden is 2' 6". The closer you get to the church the higher the water table --- 4" !!! The carpet in the church is darkening as the table rises. There are pillars constructed of a similar substance to chalk. Therefore very easily destroyed.

A few weeks ago we had heavy rain. Down our road all front gardens were under water - so suspect back gardens were too. Road by the pond was also flooded. Orchard piece end of Red Rose Lane was impassable and there was flooding the other end of Red Rose near the Village Hall !!!!!

How prepared are the Council to pay for residential damage and damage in our school, shop, pubs and the Medieval church?

Please continue on a separate sheet if necessary

## QUESTION 4 CONT.

If the Council continues on this road there will be <sup>more</sup> ~~var~~ disruption ~~and~~ than we know.

It is trees that we should be planting ~~Not concrete.~~  
Trees.

Everything we do on land affects the waters.

A report about the Arctic showed a Polar Bear on a floe, looking at the sea. If it could have spoken the question would have been "Where has my home gone?" The paw came out and touched the surface. A piece fell away, the bear backed away.

mmg! We don't need houses on any green belt. There are no queues of demand.

Governments and individual councils should (all over the planet) ~~be~~ working to reduce the world population by a minimum of 25%. Let's not forget, the human species is living longer (which is great) but we need LESS OF THEM.

Going back to Tree planting ... there will never be enough trees as you can't plant them at the same rate of babies being born.

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

There are NO modifications that could possibly make planning concrete houses on either of these sites Sustainable.

This beautiful village does Not have the Infrastructure.

Please continue on a separate sheet if necessary
