

## Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Full Name

CERI FISHER

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications

MM no.

1, 2, 5, 78  
81, 107, 108

Sustainability Appraisal

para(s)

Habitat Regulations Assessment

para(s)

Policies Map or other supporting documents

Please specify

Question 2: Do you consider this **Main Modification and/or supporting document**:

Legally Compliant?

YES

☐

NO

☐

Sound?

YES

☐

NO

☒

Question 3: If you consider the **Main Modification and/or supporting document** unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):

Not positively prepared

☐

Not justified

☒

Not effective

☐

Not consistent with national planning policy

☐

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

MM1/MM2

Blackmore has been selected for 70 new dwellings and the reason for this is very unclear - The village is small and roads just lanes in the area of the planned development. We have already had houses built in this area recently - Redrose Lane and - Norton Heath - This village is really not able to support 70 more new homes.

MM81

Why has an area of green belt land be allowed to be purchased for development. Surely there are other areas of brown field that could be reused instead - no reason has been given for this decision.

MM107+108

After huge local objection from residents the number of houses has reduced from 70 to 50 (this is still too big) - why was this decision reversed - ~~no~~ why have the feelings and rights of local people been completely ignored.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

- ① Why was Blachmone chosen for 70 new developments - The facilities schools roads in this area are already stretched without this development - BBC - must explain their reasons
- ② BBC need to make clear why Green Belt land has been chosen for this development - when there will be other areas of Brown field site available to use .
- ③ Why - after agreeing to reduce the number of 70 houses to 50 houses has this decision been completely ignored . A large proportion of the local residents have made their objections to this development known ~~and~~ - Do the rights of local people not matter .
