13th February 2015.

Dear Sirs.

Proposed Development Sites.
Pilgrims Hatch.

I would refer to the attached letters relating to the above.

I cannot emphasise enough that any building on these green spaces would have an adverse effect on all local residents, many of which, including myself, are retired.

The area is regularly used and enjoyed by walkers both with and without dogs. It is vital that the local community does not lose such a valuable asset.

Yours Faithfully,

(Mrs. C.M. Rogers)

13th February 2015

Dear Sirs.

Site ref. 011a.
SHLAA ref. B025.

In October 2013 I was one of many who objected to the proposed building of houses on the above site.

I am now once again stating that this idea should never be considered.

Mulletts Farm is Grade II Listed with its curtilage buildings which built up to the rear gardens of bungalows nos. 10-20 Orchard Lane. These curtilage buildings cannot be demolished in order to gain access to the paddock which is Green Belt not Brown Belt.

THIS AREA SHOULD REMAIN
GREEN BELT.

Yours Faithfully.

(Mrs. C. M. Rogers)

13th February 2015

Dear Sirs.

Site 011b
SHLAA ref. 6038

I strongly object to any planned development reference the above.

This land is scrubland and nearly always flooded.

It has an abundance of wildlife including some protected species, e.g. Great Crested Newts.

THIS AREA SHOULD REMAIN GREEN BELT.

Yours Faithfully,

(Mrs.C.M. Rogers)

13th February 2015

Dear Sirs.

Site ref. 011c.
SHLAA ref. 4038

This area is definitely Green Belt
and must remain so.

Proposed development was
unsuccessful in 2009/10 and
certainly should not be considered
now.

This land supports a variety of
wildlife including Badger sets.

Yours faithfully,

(Mrs. C.M. Rogers.)

13th February 2015

Dear Sirs.

Site ref. 0176

This land has a natural spring in it therefore it is almost always Flooded.

Access is a huge problem and is adjacent to Gents Farm which is Grade II Listed with its curtilage buildings.

THIS AREA SHOULD REMAIN GREEN BELT.

Yours Faithfully,

(Mrs. C. M. Rogers)
