Comments (please use additional sheet if required):

- ① Any further development, no matter where, must have the infrastructure to support well this development.
- ② Green belt in and around villages must be protected at all costs. Too many villages have been swallowed up by indiscriminate development.
- ③ This applied to local development of existing buildings - where a change of use is requested and/or planning permission. This has happened in Blackmore.
- ④ On top of this - buildings have been bought and been allowed to rot - This has been happening in Blackmore also.
