Comments (please use additional sheet if required):

- ① Using brown field sites to use as building land only to then move industry to the green belt (or very close to green belt) seems counter intuitive.
- ② The number of houses proposed in most sites (eg. the site off Priests lane) seem to have been identified without any consideration of infrastructure - eg. water mains + supply; GPs; school places; roads etc.
- ③ The plan seems designed to encourage new people to move to Brentwood, rather than provide suitable housing for those who already live in the area.
