Comments (please use additional sheet if required):

While we support the plan NOT to build on the site behind Hatch Road and adjacent to beads Hall Lane, we wish you to consider the following in future as to why building on this land will never be acceptable:

We must preserve green belt areas

The woodland and fields are home to badgers, bats, moths and a variety of sedentary and migratory birds. Regular visitors to our garden are badgers, squirrels, greater spotted woodpeckers who breed locally (seen with their young), green woodpeckers, jay (also seen with young), coal, blue, great and longtailed tits, finches and many, many other birds including woodcock.

Hatch Road is not suitable for heavy machinery required for building (the bottom end is just a lane with tarmac on top) or for increased residential traffic. Surrounding roads, including Sandpit Lane and Doddinghurst Road would also be unable to cope with increased traffic.

Thank you for taking the time to respond. Please return forms to Planning Policy Team, Brentwood Borough Council, Town Hall, Brentwood, Essex CM15 8AY, or alternatively attach completed forms and email to **planning.policy@brentwood.gov.uk**
