I am Headteacher at The Endeavour School in Hogarth Avenue & have some concerns over the possibility of a housing development on Priests Lane fields, which are adjacent to our school field. The development of houses will undoubtedly cause noise pollution & increased traffic around an area that is already congested each morning & afternoon. This is partly caused by the number of schools in this area & traffic caused by parents driving their children to school. The noise pollution will finish when any construction finishes, but the increased number of cars, parents & pupils will cause problems for years to come.
