Comments (please use additional sheet if required):

2.26 Population & Housing.

While I appreciate housing is required into the future, the scale and size proposed in my opinion is too great. As a rough figure it looks like eight hundred and fifty population increase each year. An increase the area will be unable to cope with or adapt too.

2.50 Transport & Travel

The main transport hubs are M25, A12 & A127. And while the plan recognises the problems and capacity limits on these networks, but does not appear to have any plans for improvements.

These routes and access points need urgent attention now, without any future population increases.

2.61 Green Belt

The plan states the need to protect the asset of the Green Belt ,which I support fully , yet proposes building on this. In particular the areas along the A12 corridor where their are protect species of wildlife living .

Thank you for taking the time to respond. Please return forms to Planning Policy Team, Brentwood Borough Council, Town Hall, Brentwood, Essex CM15 8AY, or alternatively attach completed forms and email to planning.policy@brentwood.gov.uk
