Subject: plan for new developments in Ingatestone

I live at 7 Tor Bryan
Ingatestone
CM 4 9HJ

If development is planned on green belt land I will object very strongly. The government is responsible for green belt to be protected & should be sacrosanct. I would also object on the grounds that the current infrastructure of the village could not cope with an extra 118 homes & the families.

I am happy that Bell Mead however should go ahead.

regards
