Comments (please use additional sheet if required):

We support the Council's approach to a hierarchy of place and using it to help suggest where might be best placed to accommodate growth in a sustainable manner. (para 5.24).

We also support the council's intention detailed in paragraph 5.30 to identify Dunton Hills Garden Village as a Category 2 Village Service Centre.

Dunton Hills Garden Village will be developed with sustainability as a core principle of its planning and delivery. Its aim must be to create a self-sustaining village with the provision of new schools, local retail, health facilities, open space, sports and community facilities. The scale of the proposed development will enable the careful planning and delivery of space, facilities and links as an integral part of the new village following all best practice of garden city principles. This approach compares favourably with the alternative of imposing large scale growth on existing settlements not designed to accommodate substantial extension.

Thank you for taking the time to respond. Please return forms to Planning Policy Team, Brentwood Borough Council, Town Hall, Brentwood, Essex CM15 8AY, or alternatively attach completed forms and email to **planning.policy@brentwood.gov.uk**
