CEG supports the presumption in favour of sustainable development as noted in policy 6.1.

CEG welcomes the desire of the Council to

“always work proactively with applicants jointly to find solutions which mean that proposals can be approved wherever possible, and to secure development that improves the economic, social and environmental conditions in the area.”

Dunton Hills Garden Village offers a unique opportunity to work jointly to secure development that improves the economic, social and environmental conditions. As a new village its master planning will be carried out with very few on-site constraints and opportunities to build a genuinely integrated and vibrant community.
