CEG supports policy 9.3 in its aims to protect existing significant landscape heritage or a feature of ecological importance, including trees, woodlands or hedgerows.

CEG also supports policy 9.3 in its aims to provide new planting and landscapes.

Early evidence prepared on behalf of the Promoters of Dunton Hills Garden Village demonstrates the unique ability of the development to respect and retain existing important landscape features and enhance further the aims of providing new features as part of creating a sense of place.
