7/3/2018

Dear Sir

I am extremely alarmed about the proposal to build a total of 20 houses on the land adjoining Tipps Cross, Brentwood Road and Chestnut Field. As a resident of [REDACTED] This will impact seriously on my property. I will have to look out on houses/roofs - instead of the present very pleasant view of the land and cricket/sport field. This will mean a vast lowering of my enjoyment of my property - every morning having to open my curtains on what in effect will be a housing estate.

The land I understand was covenanted as permanent green land when the council purchased the old Ex-Servicemen's club. You will therefore be breaking your covenant and also the memories of those for whom the hall was originally built - those who had served their country in the armed forces.
