

Petition requesting that Brentwood Borough Council remove the sites off Priests Lane (sites 178 and 044) from the Local Development Plan.

We the undersigned strongly believe that the building of an additional 130 houses off Priests Lane will create not only a strain on an infrastructure which is at capacity but also wholly unacceptable levels of traffic in the area, resulting in even more accidents, congestion and pollution to an already overloaded and unsafe road network.

Petition requesting that Brentwood Borough Council remove the sites off Priests Lane (sites 178 and 044) from the Local Development Plan.

We the undersigned strongly believe that the building of an additional 130 houses off Priests Lane will create not only a strain on an infrastructure which is at capacity, but also add to wholly unacceptable levels of traffic in the area resulting in even more accidents, congestion and pollution to an already overloaded and unsafe road network.
