Mrs M Laning

Policy Tear

Re the Bowd Draft Local  
Plan and especially the plans  
for the number of houses to be  
built along the Chetford Rd,  
I think the whole suggestion is  
much better outlined by the  
local Liberal scheme.

Has no thought been given to  
Medical Care, Schools, Transport  
problem by the Tory Members?  
I have voted Tory in Bowd  
and indeed all my life but

an seriously<sup>2</sup> thinking of  
not doing so in the May  
elections this year.

The whole project as  
planned is utterly stupid,  
it takes weeks to see a  
doctor in Sheffield at present  
except for an emergency -  
why do plan to have a Local  
Health Clinic with ample car  
parking on this site? Build  
another School too - the local  
St. Mary's, Long Ridings are  
full already.

We all loved living in the  
"Village" of Sheffield in the '50s  
+ but New Building Regulations  
allow any buyer able to do  
anything they like these days  
and car parking is pretty  
abysmal too! Bungalows  
became houses overnight -  
we have to accommodate more  
people but do act sensibly  
in this new area before we  
become a more closely run-  
down place.
