### **How to complete the representation form:**

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as ‘soundness’), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council’s website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live

document and will be updated prior to being submitted to the Secretary of State.

- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared** – providing a strategy which as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development
- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. Question 4: If you consider the Local Plan unsound, please indicate your reasons below (please tick all that apply):

The Local Plan has not been positively prepared

The Local Plan is not justified

The Local Plan is not effective

The Local Plan is not consistent with national planning policy

Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

Section 5 of the Local Plan seeks to ensure that transport infrastructure is delivered alongside the housing and economic growth.

We support the intent of Paragraph 5.105 in seeking to improve sustainable transport measures in the South Brentwood Growth Corridor. We would caution that transport improvements should be undertaken and required on a site specific basis, recognising the scale of new growth at each location. In the case of site E10 at Codham Hall, the employment uses on site are existing and therefore the allocation will provide for modest further growth, which should be recognised in considering any transport improvements required.

**Policy BE13 – Sustainable means of travel**

Policy BE13 refers to sustainable means of travel, setting out criteria for new development. Sites allocated for development have site specific policies within the Local Plan, which include criteria on transport and it is not currently clear whether Policy BE13 imposes additional requirements. In order to be effective in accordance with the tests of soundness, Policy BE13 should therefore be clearer that it does not impose additional requirements.

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

Policy BE13 should be clearer that it does not impose any additional requirements over the site specific policies in order to be effective.

Question 7: If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the Examination in Public (EiP)?

NO, I do not wish to participate in the oral part of the EiP

YES, I wish to participate in the oral part of the EiP

Question 8: If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary.

As set out, we consider the Local Plan to be unsound and have recommended modifications to rectify this. We therefore wish to participate orally at the Examination to explore these issues and modifications further.

Please continue on a separate sheet if necessary.

Please note that the Inspector (not the Council) will determine the most appropriate procedure to hear those who have indicated that they wish to participate in the oral part of the Examination.
