### **How to complete the representation form:**

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as ‘soundness’), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council’s website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live

document and will be updated prior to being submitted to the Secretary of State.

- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared** – providing a strategy which as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development
- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. NO

Legally Compliant?

YES

NO

Compliant with the Duty to Cooperate?

NO

Question 4: If you consider the Local Plan unsound, please indicate your reasons below (please tick all that apply):

The Local Plan has not been positively prepared

The Local Plan is not justified

The Local Plan is not effective

The Local Plan is not consistent with national planning policy

Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

We strongly support this Policy. However, the policy as worded leaves something to be desired; we are not intending to suggest any particular re-wording, but request that the Borough Council looks at this with a view to making minor modifications.

Paragraph 8.48 states one of the policy's main aims as ensuring “... *new development does not contribute to the worsening of air quality.*” However, neither the policy, nor any of the accompanying paragraphs, says much about locating new development land allocations close to existing or potential sources of air pollution. Throughout the Local Plan process we have raised issues about air and noise pollution in relation to making development land allocations. We will discuss the implications of this in our representations on some of the Document's individual proposed allocations.

We note paragraph 8.50 says that “*Transport generated emissions are the main source of poor air quality in the borough.*” In spite of this, a number of the Document's allocations are made adjacent to the A12, one of the Borough's principal sources of air pollution.

Please continue on a separate sheet if necessary

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

We support the Policy, but would ask the Borough Council to reconsider its wording to make it simpler and clearer.

Please continue on a separate sheet if necessary

Question 7: If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the Examination in Public (EiP)?

NO, I do not wish to participate in the oral part of the EiP

YES, I wish to participate in the oral part of the EiP

Question 8: If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary.

We support this Policy, but think that its aims raise significant issues for some of the Plan's residential land allocations. We have serious concerns about a number of these allocations and will be seeking modifications to reflect this. Any debate on Policy NE05 is therefore pertinent to our principal concerns. Consequently we would wish to be present at the oral part of the examination regarding it.

Please continue on a separate sheet if necessary.

Please note that the Inspector (not the Council) will determine the most appropriate procedure to hear those who have indicated that they wish to participate in the oral part of the Examination.
