How to complete the representation form:

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as 'soundness'), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council's website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live

document and will be updated prior to being submitted to the Secretary of State.

- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared** – providing a strategy which as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development
- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. For additional information on what the difference is between a Regulation 18 and Regulation 19 Local Plan consultation, please view the FAQ's published on-line www.brentwood.gov.uk/localplan

Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

The local plan is unsound with respect to RO3 land north of Shenfield. This area of land is green belt and should not be considered for housing as there are areas of brown field sites within the Borough.

In proposing to build 800 houses in this location will create a number of problems on the surrounding areas.

With the newly completed maintenance estate, the proposed development of the Ingau stone garden centre site - an additional 2000 vehicles could be using the local roads with journeys to and from Shenfield railway station.

The Chelmsford main road is often congested with the no of vehicles using the road during peak rush hour and on the numerous occasions when the A.12 has problems.

This can increase traffic using the Shenfield Park estate to find alternative routes into Brentwood or to Shenfield railway station. This already adds to the poor air quality and atmosphere with the CO2 emissions under the railway bridges.

With this additional traffic on the Chelmsford Road this can cause further problems with burst water mains and may effect the ageing water gas & sewerage systems.

With this development a new primary school is planned, but I believe there is no provision for a new doctor, surgery. At present - the waiting time for appointments at the Shenfield surgeries is long & frustrating.

Please continue on a separate sheet if necessary

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

Consideration should be given to development of smaller sites with reduced no of houses in each location. Maximum no of Braunfield trails within the Borough.

Change of use for existing vacant retail properties to housing or flats. Consideration for further housing on the William Hunter way site.

YES, I wish to participate in the oral part of the EiP

☐
