BOROUGH COUNCIL**

Brentwood Pre-Submission Local Plan (Regulation 19)

January 2019

COMMENT FORM

From Tuesday 05 February to Tuesday 19 March 2019 we are consulting on the next stage of the Brentwood Local Plan: Pre-Submission Local Plan (Regulation 19). You can view and comment on the consultation document online at:

www.brentwood.gov.uk/localplan

Alternatively, please use this form to share your views on the contents of the document.

All responses should be received by 5PM Tuesday 19 March 2019.

Please return forms either by attaching completed forms by email to **planning.policy@brentwood.gov.uk** or alternatively by post to Planning Policy Team, Brentwood Borough Council, Town Hall, Brentwood, Essex CM15 8AY.

How to complete the representation form:

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as 'soundness'), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council's website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live

document and will be updated prior to being submitted to the Secretary of State.

- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared** – providing a strategy which as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development
- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. For additional information on what the difference is between a Regulation 18 and Regulation 19 Local Plan consultation, please view the FAQ's published on-line www.brentwood.gov.uk/localplan

Question 4: If you consider the Local Plan unsound, please indicate your reasons below (please tick all that apply):

The Local Plan has not been positively prepared

☐

The Local Plan is not justified

☐

The Local Plan is not effective

☒

The Local Plan is not consistent with national planning policy

☐

Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

The local plan is unsound with regard to this site for a number of reasons. Firstly, this is green belt land and as such should not be considered as part of the local plan. Brownfield sites should be developed for housing first. To build 800+ new homes on what are currently open green fields will make the traffic situation in Shenfield and particularly the Chelmsford Road untenable. This could mean up to an additional 1600 vehicles added to the local existing road users creating further congestion on Shenfield Broadway and the station approach. The Chelmsford Road always has a queue of traffic during the working week which is particularly bad during peak hours. It would not be possible for the additional number of vehicles joining this road (from the site to be absorbed. When the A12 is blocked (which frequently happens) the tail back can be considerable. With this number of vehicles, all with their engines running, CO2 emissions will increase by a very large amount.

Under the station bridges at Shenfield Station is a prime example of somewhere the exhaust fumes build up at present and where the standard of air quality is often poor. On occasions Shenfield comes to a standstill or has extremely slow moving ~~at~~ stationary traffic now without the additional planned houses. With the advent of Crossrail and very little parking provision for the anticipated increase in cars coming to the station more congestion must be the inevitable outcome without these houses being built. Coupled with the pressure of other sites planned locally the building of such a large number of dwellings will have a detrimental effect on the local area and result in the loss of much of the green space which makes Shenfield a pleasant place to live to say nothing of it being joined to Mountnessing. A considerable number of new houses have just been completed on the Mountnessing Roundabout site also leading to more local traffic congestion.

Houses located on the Chelmsford road have difficulty in coming out from their drives onto the road at present and roads onto the sites will become a line of cars waiting to pull out again with a negative effect on air quality. Another problem is with the drainage system in the Chelmsford Road which has frequently resulted in burst water mains again causing

traffic tailbacks. It would also put additional pressure on the current ageing sewage system and water supply.

I understand that a new primary school is planned to be built but no provision has been made for an additional doctor's surgery. The wait for an appointment now is excessive. The pressure to close the local library service, and the proposed increase in population means a distinct lack of amenities in the area if building on this site goes ahead.

I feel the developers have too much say in the sort of housing that is built rather than the local Council who have a much better idea of what should be built.

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

Please continue on a separate sheet if necessary

Question 7: If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the Examination in Public (EiP)?

NO, I do not wish to participate in the oral part of the EiP

☒

YES, I wish to participate in the oral part of the EiP

☐

Question 8: If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary.

Please continue on a separate sheet if necessary.

Please note that the Inspector (not the Council) will determine the most appropriate procedure to hear those who have indicated that they wish to participate in the oral part of the Examination.
