How to complete the representation form:

This form consists of two sections – Section A: Personal Information, and Section B: Your Representation. Please note that your representation cannot be accepted without completing information identified in Section A.

The Local Plan Pre-Submission (Regulation 19) consultation consists of more formal and technical questions focused on the four Tests of Soundness and whether the Local Plan is compliant with relevant legislation. Comments are to be focused on three core areas – is the Plan positively prepared (referred to as 'soundness'), does the Council adhere to the Duty to Cooperate, and is the Plan legally compliant (addressed by question 3 of this comment form). These terms are defined below:

- a) **Soundness:** Local Planning Authorities must prepare a Local Plan based on relevant and appropriate evidence base. They are required to publish these documents on their website. The evidence used to develop the Brentwood Local Plan can be found on the Council's website under Evidence Base.
- b) **Duty to Cooperate:** Throughout the plan-making process discussions have taken place with various statutory consultees and neighbouring authorities. A summary of these meetings can be found within the Duty to Cooperate Statement, published as part of the Regulation 19 consultation. This is a live document and will be updated prior to being submitted to the Secretary of

State.

- c) **Legally Compliant:** Local Planning Authorities must prepare a Local Plan which adheres to the requirements as set out in the National Planning Policy Framework (NPPF), planning practice guidance, and other relevant planning regulations & legislation.

Question 4 of this comment form asks for further information on your opinion of the Plans 'soundness'. According to the National Planning Policy Framework (NPPF) para 35, Local Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements and whether they are sound. Plans are 'sound' if they are:

- a) **Positively prepared**— providing a strategy which as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and consistent with achieving sustainable development
- b) **Justified** – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- c) **Effective** – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- d) **Consistent with national policy** – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

Please keep in mind the information provided above to assist with correctly completing your comment form. For additional information on what the difference is between a Regulation 18 and Regulation 19 Local Plan consultation, please view the FAQ's published on-line www.brentwood.gov.uk/localplan

NO

☐

Compliant with the Duty to Cooperate?

YES

NO

☐

Question 4: If you consider the Local Plan unsound, please indicate your reasons below (please tick all that apply):

The Local Plan has not been positively prepared

☒

The Local Plan is not justified

☒

The Local Plan is not effective

☒

The Local Plan is not consistent with national planning policy

☒

Question 5: Please provide details of either:

- Why you consider the Plan to be sound, legally compliant, or adheres to the Duty to Cooperate; or
- Why you consider that the Local Plan is unsound, is not legally compliant, or fails to comply with the Duty to Cooperate

Unsound : The evidence base is flawed:

- The Transport Assessment is inaccurate as it has excluded traffic along Priests Lane, and was taken at a times which excluded a large proportion of school traffic, despite Council assurances that a traffic assessment would be done for Priests Lane.
- The Transport Assessment does not account for the increased usage of Priests Lane from the proposed development of 1,000 houses in Shenfield travelling to the A127 , nor does it account for the impact of the Elizabeth Line.
- The Plan fails to address safety of residents: the technical submissions of residents that new road accesses along Priests Lane are hazardous have not been addressed, nor concerns that the road design is dangerous for increased traffic movements.
- The site does not meet relevant sustainability conditions, notably access, transport network, mitigation of impact on local services, and unacceptable effect on health due to increased pollution .
- The Priests Lane sites have been rejected previously because the land was deemed a valuable open urban space .
- No account has been made of the increased pollution along Middleton Hall Lane and Priests Lane, the junction of which is a pollution hotspot.
- The Lane was never meant to be a main feeder road which it has now become. Residents have pointed out that as such it does not comply with the Essex design guide with respect to road and pavement width .

NPPF Compliant: Local plans should address not only housing but traffic concerns, healthcare and education needs.

- The sustainability review refers to traffic as a concern, but no mitigation options have been identified.
- No specific or robust argument has been made that a viable access point is possible.
- When considered against reasonable alternatives these sites cannot be deemed justified and there is nowhere in the plan which allows for the enhancement of infrastructure as a result of development.
- There is no additional provision for increased educational and health needs, the expansion of Hogarth School is to meet current demands and there is already a low level of GPs per head. Schools further afield which may have space will require a car journey to attend, exacerbating the already dire traffic situation.

Please continue on a separate sheet if necessary

Question 6: Please set out what modification(s) you consider necessary to make the Local Plan sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this modification will make the Local Plan sound or legally compliant. Please be as accurate as possible.

THE LAND AT PRIESTS HALL
SHOULD BE REMOVED FROM
THE LOCAL DEVELOPMENT PLAN.

Please continue on a separate sheet if necessary

Question 7: If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the Examination in Public (EiP)?

NO, I do not wish to participate in the oral part of the EiP

☒

YES, I wish to participate in the oral part of the EiP

☐

Question 8: If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary.

Please continue on a separate sheet if necessary.

Please note that the Inspector (not the Council) will determine the most appropriate procedure to hear those who have indicated that they wish to participate in the oral part of the Examination.
