Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

This submission has been prepared on behalf of Stonebond Properties (Chelmsford) Ltd (SPL) in response to the Council's current consultation on the Potential Main Modifications to the Brentwood Local Plan. The response concerns SPL interests as developer and promoter of part of the land forming Local Plan allocation R03 (Land North of Shenfield).

SPL continues to work collaboratively with Croudace Homes, Redrow Homes, and Countryside Properties, the joint promoters of R03, and this "Developer Group" have submitted a joint response, which this submission should be read alongside.

SPL is generally supportive of the Potential Main Modifications as the majority of proposed changes will make the Plan more effective and consistent with national policy. However, SPL does have specific comments regarding the following Potential Main Modifications, as follows:

MM35: Policy HP01 Housing Mix

SPL *objects* to the revision of policy HP01 part C that would seek to reduce the threshold from 500 units to 100 or more dwellings where part a. and b. would apply. These modifications proposed will have significant impacts on scheme viability and deliverability on schemes of a 100 units or more, which does not have the same critical mass as a larger strategic scale 500 + unit schemes, to accommodate diversified housing types and models.

It is essential that clarification is given that this requirement relates to application sites delivering 100 or more homes.

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.
