

## Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Full Name	Anthony Draper
-----------	----------------

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no.	<input type="text" value="MM 78"/>
Sustainability Appraisal	para(s)	<input type="text"/>
Habitat Regulations Assessment	para(s)	<input type="text"/>
Policies Map or other supporting documents	Please specify	<input type="text"/>

**Question 2: Do you consider this Main Modification and/or supporting document:**

Legally Compliant? YES  NO  ?

Sound? YES  NO  X

**Question 3: If you consider the Main Modification and/or supporting document unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):**

Not positively prepared  X

Not justified  X

Not effective  X

Not consistent with national planning policy  X

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

Blackmore has a historic flooding problem & it is designated as "Critical" in the LDP. There was a comment that development may impact surface water flooding, but the inspectors wrongly removed this warning. They also ignore the Fluvial flooding from the River Widd. Concreting over 2 large fields for development will make the flooding much worse and climate change will make it even worse.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

There should be an Environment Agency Assessment implemented to properly deal with the problem. This should happen before any sites are included in the plan. They are likely to block any houses on R25 + R26 + certainly not allow 70.

Please continue on a separate sheet if necessary
