

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no.	<input type="text" value="5,78,81,107"/>
Sustainability Appraisal	para(s)	<input type="text"/>
Habitat Regulations Assessment	para(s)	<input type="text"/>
Policies Map or other supporting documents	Please specify	<input type="text"/>

Question 2: Do you consider this Main Modification and/or supporting document:

Legally Compliant?

YES

NO

Sound?

YES

NO

Question 3: If you consider the Main Modification and/or supporting document unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):

Not positively prepared

Not justified

Not effective

Not consistent with national planning policy

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

MMS - Blackmore is the most 'out of the way' village in the borough, it does not compare in facilities, size or population to surrounding villages - Standon, Nassy, Kelvedon Hatch, Daldinghurst... therefore making the proposals unsound. Any increase in housing with the very limited public transport Blackmore has will inevitably lead to more cars/traffic on the road which together with the limited facilities in the village will overwhelm it.

MM78 Parts of Blackmore are in 'flood risk 3 Zone' and any development on surrounding green belt will only increase this - changes do not go far enough.
The current plan puts existing homes at risk - Unacceptable. Any site that is at risk of flood whether from rivers or surface water should be excluded from the LDP - the massive risk to existing infrastructure & homes really is Unacceptable.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

MM51 - Blackmore has no main roads - all roads out are country lanes - has a very limited bus service and you need a car to get to a train station - does not equate to it being an 'exceptional circumstance'. There is greenbelt land in other areas, much better suited with infrastructure already in place,

MM107 -
The simplifying of the clause around flooding is very concerning to residents - especially as it is so well documented. We need the real flood risk to be assessed before the LPP is agreed - an overall review is needed.
