Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

Blackmore is a remote village with poor road connection, & is distant from Towns, shopping centres, Rail station. With poor bus service that can't be used to commute to somewhere with employment opportunities. Car travel is compulsory for Blackmore residents & more houses means more car journeys, pollution & congestion. This is totally against BBC & government strategic objectives.

Increasing the number of houses on sites that should not be included in the first place is lunacy of the highest order.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

All sites in the LDP were selected by developers + no assessment of suitability + sustainability was undertaken. This should be done now, before proceeding further. There are far more appropriate sites available that were removed from the plan for political reasons.
