Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

The Settlement Hierarchy has been used incorrectly used to label Blackmore as Category 3. In fact it is much smaller & has far less facilities than the other "3" Villages. It was bumped up as a political justification to ~~also~~ justify inclusion of sites R25 + R26.

Blackmore has a Population of 800 odd and has been allocated 70 houses with No Neighbourhood Plan. The rest of the Northern Villages in total have a population of over 8700 and 0 ^{new} houses in the Plan. Many can support and desire additional development

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

The Settlement Hierarchy needs to be reviewed and correctly allocated to Blackmore. A Neighbourhood Plan must be created for the Northern Villages to enable the development to be properly targeted and ensure that it is located correctly & will be sustainable and fit for local purpose.
