Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.
