Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

During construction of the houses on the left hand side of Red Rose Lane towards Chelmsford Rd, Fingroth Hall Lane from the A414 was used as the main access. The outcome of this was the destruction of the verge and edges of the road and the worsening of the potholes in some places, there are drops of more than a foot deep and are still there.

If a lorry meets a lorry even now further damage is caused.

At one point of this work being at a Cool lorry almost overturned trying to pass another and caused the road to be closed for several hours.

This problem does not seem to be taken into consideration.

This is a small village and the building of these properties will undoubtedly cause more traffic problems through the village.
