

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no.	14-19, 78 and 81
Sustainability Appraisal	para(s)	all
Habitat Regulations Assessment	para(s)	all
Policies Map or other supporting documents	Please specify	—

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

The proposal is unsound because it has not taken into consideration the feelings and views of the current local population on things such as:

1) More houses will equal more people in the village - with more cars and more pollution. We want Blackmore to stay as a village.

2) flooding - because there will be more pressure on the current sewage network (that already needs upgrading)

3) Doctors appointments and school services are already under substantial pressure without additional residents

4) money needs to be spent on the current infrastructure - not new housing.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

No more building new houses in Blackmore
but improving the current roads + pavements
and introducing Street lighting and
improving local services (such as the
Doctors surgery) ^{which} are in far more need
than new houses in the village.
