

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Full Name

FRS JOHN WEBB

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications

MM no.

MM 78.

Sustainability Appraisal

para(s)

Habitat Regulations Assessment

para(s)

Policies Map or other supporting documents

Please specify

Question 2: Do you consider this **Main Modification and/or supporting document**:

Legally Compliant?

YES

☐

NO

☐

Sound?

YES

☐

NO

☐

Question 3: If you consider the **Main Modification and/or supporting document** unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):

Not positively prepared

☐

Not justified

☐

Not effective

☐

Not consistent with national planning policy

☐

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

We have been in the village for many years and have been aware of frequent problems with flooding over these years - committing flooding from issues from the plan is in my opinion incorrect.

I am clear that having houses on two significant fields adjacent to Red Rose Lane and having immediate run-off can only worsen this issue.

We are all aware that more extreme weather is predicted and the proposal to create two ponds is not a realistic answer as the water table is currently at ground level when there is significant rain.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

my suggestions are for two alternatives

- 1) Remove site R25 & R26 from the plan.
[Thus enabling the status quo to be maintained
& not increase the flood risk]

or

- 2) Ensure any development on these sites & in Blackmore is reviewed by the Environment Agency so that they can formally assess the additional flooding (i.e. Fluvial Flooding) - which I would confidently predict would also rule these sites out.

Please continue on a separate sheet if necessary
