Do you wish to be notified when the Brentwood Local Plan 2016-2033 is adopted by the Council?	YES	<input checked="" type="checkbox"/>	NO	<input type="checkbox"/>
---	-----	-------------------------------------	----	--------------------------

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A - Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Full Name	<div style="border: 1px solid black; padding: 2px; display: inline-block;">FINN THOMPSON</div> Brentwood Village Heritage Association
-----------	---

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no. 1, 2, 5, 78, 81, 107, 108
--	-------------------------------------

Sustainability Appraisal	para(s) <i>Page 5 & paras 2.6 & 2.8-1</i>
Habitat Regulations Assessment	para(s)
Policies Map or other supporting documents	Please specify <i>Annex 2</i>

Question 2: Do you consider this Main Modification and/or supporting document :				
Legally Compliant?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
Sound?	YES	<input type="checkbox"/>	NO	<input checked="" type="checkbox"/>

Question 3: If you consider the Main Modification and/or supporting document unsound, please indicate which of the soundness test(s) does it fail (please mark all that apply):	
Not positively prepared	<input checked="" type="checkbox"/>
Not justified	<input checked="" type="checkbox"/>
Not effective	<input checked="" type="checkbox"/>
Not consistent with national planning policy	<input checked="" type="checkbox"/>

Question 4: Please provide details of either:

- Why you consider the **Main Modification and/or supporting document** to be sound or legally compliant; or
- Why you consider the **Main Modification and/or supporting document** to be unsound or is not legally compliant.

MM1/MM2

- More houses means more cars in a poorly connected village, meaning more congestion & more pollution
- Building on two fields will destroy habitat & displace wildlife

MM5

Blackmore is classified as a class 3 village, but has inferior resources than other such large villages as Doddington & Mountnessing.

MM78

Removing 2 large fields makes the flooding risk, & often reality, worse due to the loss of drainage. This will only worsen with more extreme weather.

MM107/108

Increasing the number of houses to 70, after reducing them to 50 due to residents' concern shows a disregard for public response to the LDP which BBC claimed to encourage & asked for.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

Believe that a qualified official should assess & determine a viable solution to flooding that will be sustainable now & with further housing.

Appropriately classify the village & provide sustainable solution to infrastructure & travel issues, as well as valuing council sustainable climate goals, treating the concern of those in the village as genuine & not disregarding public response.

Please continue on a separate sheet if necessary
