

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

Schedule of Potential Main Modifications	MM no.	1, 2, 5 78 81 107 108
Sustainability Appraisal	para(s)	Page 5
Habitat Regulations Assessment	para(s)	
Policies Map or other supporting documents	Please specify	Annex 2

Question 2: Do you consider this **Main Modification and/or supporting document**:

Legally Compliant?

Blackmore is a small and beautiful village and risks becoming over-developed if schemes such as this are granted.

More housing and therefore more people moving into this village puts undue pressure on the limited amenities Blackmore offers, namely a local shop and small primary school which couldn't cope; particularly the school which is already over-subscribed and at capacity.

Extra housing also means more cars, and pollution and a busier road network in what is a quiet place to live.

We moved here to be near to essential amenities and towns but wanted to bring our family up on a peaceful, rural location and we are concerned that if any more development of this scale is allowed then Blackmore will no longer be a safe, tranquil, small community but a village plagued with unnecessary pressure and housing, becoming too built up, noisy and suburbanised.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

MM1
MM.2

Destruction of a unique and sustainable village by the development proposed of R25 + R26 which is totally out of scale also considering the ~~mainly~~^{many} sites of development currently taking place both within the BBP envelope and on the borders within other Local authorities jurisdiction, which all use the facilities and road network in and around the village.

There is no sound justification for their inclusion in the LDP and should be removed and alternative more suitable and sustainable location identified.
