Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

MM1 & MM2 Blackmore is a small country village with local small roads feeding it. More housing etc will continue to clog the roads & make walking around the local area more hazardous. Weekends already see an influx of cyclists causing mayhem in the local area. More housing will demand more transport etc.

MM2 Local facilities will be placed further under stress, with a small amount of shops etc.

MM78 Flooding on various roads is still an ongoing issue, more housing will make matters worse, and more transport will clog the roads.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.
