

Section B: Your Representation

Please complete a separate sheet for each representation that you wish to make. You must complete 'Part A – Personal Details' for your representation to be accepted.

Representations cannot be treated as confidential and will be published on our Consultation Portal. Any representations that are considered libelous, racist, abusive or offensive will not be accepted. All representations made will only be attributed to your name. We will not publish any contact details, signatures or other sensitive information.

Question 1: Which **Main Modification and/or supporting document** does your representation relate to?

Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

MM78

Flooding has always been an issue with Blackmore & removing 2 large fields will just make the situation worse, the suggestion of digging 2 ponds on the site as a solution is unworkable as at times of heavy rain the water table is at ground surface level. With more extreme weather predicted this situation will only worsen.

MM81

Do not believe the exceptional circumstances test was carried out with any conviction. If it had been the brown field sites in Red Rose Lane Blackmore & at Stondon Massey would have been identified & included in LDP.

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

Environment agency needs to be involved & their recommendations acted upon

MM81

There is no evidence that an exceptional circumstances test was carried out to allow the release of green belt land for development. BBC have to give clear evidence that this was done thoroughly & legally, or review situation fully so that it meets government guidelines.
