Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2

Any representations on a supporting document should clearly state which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

Representations on the Policies Map must be linked to specific modifications in that they reflect a change required as a result of a Main Modification.

MM5
Blackmore does not meet government criteria for a class 3 village, should be class 4. We have only 1 proper shop, 1 part time ladies hairdresser & a coffee shop

MM78

Blackmore has a long history of flooding, removing 2 large green fields will make the situation worse & is contrary to government guidelines. With climate change this is just the situation the government are advising we should avoid, as fields soak up excess water & slow flood waters. This is irresponsible BBC needs to think long term not just go for quick fix

MM81

BBC did not carry our exceptional circumstances test, otherwise they would have identified available brownfield sites, 12 houses were built on such a site in 2020/21 in Red Rose Lane Blackmore.

Please continue on a separate sheet if necessary

Question 5: Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** sound or legally compliant, having regard to the matters that you identified above.

You will need to say why this change will make the Submission Version of the Local Plan sound or legally compliant. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as accurate as possible.

MM5

Blackmore should as per government guidelines be restored to a class 4 village

MM78

This looks to reviewed properly and the appropriate government authority needs to be involved and their recommendations requested and then be discussed and acted upon.

MM81

This needs to re-visited, there are many more appropriate sites also 12 houses have already been built in Red Rose Lane, these cannot just be ignored by the BBC, as the village has to absorb this increase.
