*The aspect of the plan that I agree with is the development of areas 020 and 021, removing the trading estates and replacing them with housing & village facilities. I disagree with the development on area 037, part of the metropolitan green belt. I feel that this size of development would alter the character of the village and also present a flood risk due to the nature of the ground and lack of a comprehensive land drainage system. (Note past flooding in the village.).*
