The proposal to build 48 new houses on the SOW & CROW site on Ongar Road will put undue pressure on the already stretched drainage on this part of the road. The drains cannot cope with any heavy rain fall already so an extra 48 houses will exacerbate the situation. In addition, traffic movement along Ongar Road is already very heavy, particularly during early morning and evening rush hour and any additional vehicles are likely to log the system. We already suffer huge tailbacks and delays regularly, especially when there is any problem at junction 28 of the M25 which is fairly frequent. The proposal would make a difficult situation impossible!
