Questions

Please use an additional sheet if necessary. Please note that all responses will be published online.

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

Area "a" North fo the borough and "b" A12 corridor should not form part of the plan.

Area "c" looks the best development area.

Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

I agree with the issues and why I believe Area C A127 corridor is the best development choice.

Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

As above area "a" North fo the borough and "b" A12 corridor should be excluded from the plan.

Area C A127 corridor seems the best option.

Within area A "north of the borough". I think site 143 and 224 are particularly unsuitable and would spoil a quiet community. (019/085/209/188/080/174/185/224/143/070)

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

O37a in the West Horndon A127 Corridor .

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes No

Comments

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

NO Green belt should be used.
Brownfield is best to use for development.

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes No

Comments

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be Yes No
