Questions

The Council is seeking responses on key issues. Focused questions appear in bold boxes throughout the Strategic Growth Options document. These questions are summarised in this consultation questionnaire. More information can be found at www.brentwood.gov.uk/localplan.

Please use an additional sheet if necessary. Please note that all responses will be published online.

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes

No

Comments

Yes, I would promote growth along the A12 corridor and the A127 corridor, but not in the North of the Borough due to the lack of infrastructure.

Q2: Do you agree with the issues raised within each of these areas?

Yes

No

Comments

Q3: Do you have any comments on the appropriateness of particular sites?

Yes

No

Comments

Yes. It is not appropriate to develop Site 202 at Blackmore. This is in a Conservation Area and all the proposed sites in Blackmore are within Green Belt: ref sites: 76,77,202, 199 and 203. The infrastructure in this area will not support development here and the character of a historic village will be lost.

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

Dunton Garden Suburb

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes No

Comments
Yes.

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments
In the Borough Villages if land needs to be released at all, Brownfield sites must be developed in preference to Greenfield sites.

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes No

Comments
Yes.

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development? Yes No

Comments

Yes. Town Centre First, as opposed to out of town retail development will reduce traffic on roads.

Q9: Are there opportunities for more open space provision in the area where you live?

Yes No

Comments
