Please use an additional sheet if necessary. Please note that all responses will be published online.

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

Yes, however I believe there should be consideration to each site. Also the impact on the village and the stress which these plans are causing on the local residents.

Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

Q3: Do you have any comments on the appropriateness of particular sites?

Yes No

Comments

Site 143 would have a major negative impact to the village of Doddinghurst. Aswell as the village being home to young families there are also a lot of elderly residents who's lifestyle may suffer due to the additional strain's of coping with more new people and the stress and upheaval of construction work. The proposed access roads of Peartree Lane and Limegrove are narrow lanes and unsuitable to carry the additional traffic that they would incur.

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas?

Yes No

Comments

Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Brownfield sites are more suitable for development. Greenfield sites on the edges of villages are unsuitable due to their current surrounding infrastructure being unsuitable to carry the burden of additional housing and the detrimental affect to villlage life

Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network?

Yes No

Comments

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a “Town Centre First” approach should be taken to retail development? Yes No

Comments
