Questions

The Council is seeking responses on key issues. Focused questions appear in bold boxes throughout the Strategic Growth Options document. These questions are summarised in this consultation questionnaire. More information can be found at www.brentwood.gov.uk/localplan.

Please use an additional sheet if necessary. Please note that all responses will be published online.

? Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

Infrastructure is vital - Roads & trains are at full capacity, more traffic, where will it go? + park for W.H. station (this being full most days)

? Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

Understand the need for some housing development in West Horndon

? Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

↳ BUT consideration must be taken into account that West Horndon was mainly built on a flood plane (hence the reason our houses had to be killed)

? Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

I have lived in W.H. for 58 yrs & use of land for building purposes would definitely increase the flood risk (No one wants a home that has a high potential for flooding!)

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas?

Yes No

Comments

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Develop Brown field sites as far as practical & maintain a reasonable size green belt all around the village of West Horndon

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network?

Yes No

Comments

Difficult question - New road structure seems to be inevitable - There are only so many vehicles can use a road at any one time

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development?

Yes No

Comments

? Q9: Are there opportunities for more open space provision in the area where you live?

Yes No

Comments

1 Park used by children & adults
