Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes  No

Comments

Q2: Do you agree with the issues raised within each of these areas?

Yes  No

Comments

Q3: Do you have any comments on the appropriateness of particular sites? Yes  No

Comments We feel that sites (028A.)+192. are too large an area for housing. (B+C)  
Over past 50 yrs various housing estates have already been built & the local road (Hanging Hill Lane) is extremely heavily congested.  
There are also important woodlands & farm land, which have historical value to this part of Brentwood.

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments The A127 corridor seems a better option as long as the village of West Harndon could be preserved as a village

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes  No

Comments

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments *Green Belt should be protected, some areas of brownfield sites could be developed.*

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes  No

Comments

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development? Yes  No

Comments *It is important to have a 'heart' for the community. With shops, entertainment + work which can be the hub*

Q9: Are there opportunities for more open space provision in the area where you live?

Yes  No

**Comments**

*But we do think B.B.C. should look at empty derelict houses + ground in the borough first*

?

?
