Questions

The Council is seeking responses on key issues. Focused questions appear in bold boxes throughout the Strategic Growth Options document. These questions are summarised in this consultation questionnaire. More information can be found at www.brentwood.gov.uk/localplan.

Please use an additional sheet if necessary. Please note that all responses will be published online.

Q12: Have we considered the main infrastructure issues? Are there other important issues to consider? Yes No

Comments

Consideration of the people who live in the areas you have high-lighted

Q13: What do you think the priorities for infrastructure spending should be?

Comments

To build in areas which are already built-up areas.

Thank you for taking the time to complete this questionnaire

Please ensure that you return comments to the Council by 5pm on Tuesday 17 February 2015 (see page 1 for details)

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

Not all areas seem appropriate.

Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

cannot comment on all areas.

Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

Blackmore — This is an historic village. It is a village with a small school, which must already be under pressure, having had to take in the Traveller's children. The doctor's surgery is I would think under pressure too.

There is no land to extend the school where it is.

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

Where there are towns not villages

?

Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas?

Yes No

Comments

[Empty comment box]

?

Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Yes No

Comments

The fields in Blackmore should remain it's parcel of Green Belt. These have been used for grazing (cows & horses) and should remain as such for future use. The centre village has one shop and no ground for building more. Parking there is a problem from 8.30am each day onward

?

Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network?

Yes No

Comments

Building in a town area seems to me the most sensible idea. Working people prefer to be near bus and train networks. This is certainly not the case in Blackmore

?

Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development?

Yes No

Comments

Certainly

?

Q9: Are there opportunities for more open space provision in the area where you live?

Yes No

Comments

No. Blackmore is a small village but to start extending the population you would end up by having to build a larger school, more shops etc, and end up turning this village who's history includes a 900yr old church & history of Henry VIII's son Louche into a town.
