Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes  
x

No

Q2: Do you agree with the issues raised within each of these areas?

Yes

No

**Comments**

Increasing the number of houses in the Borough by the amount proposed will increase pressure on already very busy roads. Widening or increasing the number of roads has the potential to impact even more on Green Belt, areas for recreation and farmland. Will there be a loss of housing because of this? There are areas along both the A12 and A127 which have the potential to become 'bottle necks'.

Q3: Do you have any comments on the appropriateness of particular sites? Yes  No

**Comments**

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

**Comments**

020, 021, 037

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes  No

**Comments**

Brownfield Land should be utilised.

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

**Comments**

Any development on the edge of villages should be minimal in order to preserve their historic value and maintain their individual characteristics.

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes  No

**Comments**

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a “Town Centre First” approach should be taken to retail development? Yes  No

**Comments**

Yes I feel it is important to follow a "Town Centre First" approach firstly to maintain a viable and focussed area for shopping. Secondly out of town shopping centres add to increased volumes of traffic on the road.

Q9: Are there opportunities for more open space provision in the area where you live?

Yes  No

**Comments**

I am fortunate to have good open space provision in my area. The open spaces allow many people from outside of the borough to enjoy the freedom to walk and enjoy the countryside an important consideration with the high density of housing and lack of open spaces in some areas. Visitors add to the economy of the Borough.

Q11: To what extent do you think the following are present in the landscape near where you live (on a scale of 1 to 4):

Aspect:	Absent	Occasional	Frequent	Predominant
---------	--------	------------	----------	-------------

Houses	1	2	3x	4
