Questions

The Council is seeking responses on key issues. Focused questions appear in bold boxes throughout the Strategic Growth Options document. These questions are summarised in this consultation questionnaire. More information can be found at www.brentwood.gov.uk/localplan.

Please use an additional sheet if necessary. Please note that all responses will be published online.

?

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

I understand the need for growth, but any considered areas must take local resident views into account. Infrastructure must be one of the most important points, and what impact will development bring.

?

Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

Any local plan must take all aspects into account with all residents views taken into account to have a good outcome.

?

Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

When reading the consultations regarding the Brentwood Strategic Growth options, it would appear to me that the most suitable option would be The Denton Garden Suburb as the existing travel links are already in place.

?

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

As stated above Denton Garden Suburb would be most suitable. Very good travel links, which would help travel.

Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas?

Yes No

Comments

Only after all other options have been considered.

Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Brownfield sites would be better.

Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network?

Yes No

Comments

That's why Dunton Garden is a good option.

Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development?

Yes No

Comments

The town centre should remain sustainable and improvements made.

Q9: Are there opportunities for more open space provision in the area where you live?

Yes No

Comments

Other than farm land there is not much open space left, that would be suitable.
