Questions

The Council is seeking responses on key issues. Focused questions appear in bold boxes throughout the Strategic Growth Options document. These questions are summarised in this consultation questionnaire. More information can be found at **www.brentwood.gov.uk/localplan**.

Please use an additional sheet if necessary. Please note that all responses will be published online.

Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

No ✓

Comments

Sites under consideration should have better services and transport access

Q2: Do you agree with the issues raised within each of these areas?

No ✓

Comments

Q3: Do you have any comments on the appropriateness of particular sites? Yes ✓

Comments

The Doddinghurst site has in reality, only one access road, Peartree Lane. Lime Grove is too narrow with passing spaces and is entirely unsuitable for construction traffic.

Additional cars which are inevitable with this rural location and up to two per household travelling up and down Peartree Lane on school runs, work and leisure activities will have a detrimental effect on the residents living in Peartree Lane. In addition, the junction of Peartree Lane and Doddinghurst Road would become even more dangerous than it is now with the cars that already park in the Doddinghurst Road and at the end of Peartree Lane as people visit the Post Office.

The two schools in Doddinghurst are already over subscribed

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

Either the south of the A12 corridor with better A127 access between Brentwood and the A127. This would have added benefits to ease traffic congestion around Ingrave and Warley. Or the A127 . West Horndon site.

Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes ✓

Comments

A better use of the local government resources to reduce congestion for a greater number of people

Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Whichever has the least impact on residents and has the better access for traffic.

Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network?

Yes ✓

Comments

This would not be met in the Doddinghurst site as the restricted access to Brentwood itself is quite a serious issue for several months of the year with a winding lane that has numerous accidents at this time of year.

Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a “Town Centre First” approach should be taken to retail development?

Yes ✓

Comments

Better access to the south of Brentwood would fulfil the the access issues not only for new housing but also allow town centre growth and encourage visitors from the larger conurbations to the south of Brentwood.

Q9: Are there opportunities for more open space provision in the area where you live?

Yes ✓

Comments

Closer to the Ongar and Brentwood road, Kelvedon Hatch and Pilgrims Hatch

? Q10: Please rate the level to which you value the landscape near where you live (on a scale of 1 to 5), as compared to other areas within Brentwood Borough, for the following aspects:

Infrastructure (Road / Rail / Pylons etc.)	1	2	3	4
Leisure / Recreation Facilities	1	2	3	4
Other – please specify:Children.....	1	2	3	4

? Q12: Have we considered the main infrastructure issues? Are there other important issues to consider?

No ✓

Comments

A transport infrastructure that enables 2 or 3 cars per household as young people do not use public transport and most of the elderly are usually driven from the village.

Q13: What do you think the priorities for infrastructure spending should be?

Comments

Small artisan industrial sites to encourage small businesses and low volume manufacturing.

Thank you for taking the time to complete this questionnaire
