Please use an additional sheet if necessary. Please note that all responses will be published online.

? Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth? Yes  No

Comments

I question very strongly the need for 'growth' anywhere in Brantwood. The area is already over crowded, services etc are struggling to cope.

? Q2: Do you agree with the issues raised within each of these areas? Yes  No

Comments

? Q3: Do you have any comments on the appropriateness of particular sites? Yes  No

Comments

It is never appropriate to sacrifice greenbelt and areas of beauty to commercial or living purposes. In this over crowded world these areas are even more precious.

? Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

This road is already much too busy and dangerous.

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes  No

Comments

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Brown field sites

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes  No

Comments

The highway network needs to be hugely updated and enlarged, first.

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development? Yes  No

Comments

Q9: Are there opportunities for more open space provision in the area where you live?

Yes  No

Comments

Other – please specify:	1	2	3	4

? Q12: Have we considered the main infrastructure issues? Are there other important issues to consider? Yes  No

Comments

? Q13: What do you think the priorities for infrastructure spending should be?

Comments
