Yes No

Comments

?

Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

All roads in this area, have not really been materially increased in the last 50 years. Where is the vision + planning for the future.

?

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

No DEVELOPEMENT until the infrastructure is properly extended & planned

? Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas? Yes No

Comments

The A12 has frequent queues and grid lock on the Brook Street roundabout, often causing bad traffic through Brentwood, ARE YOU MAD!

? Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?

Comments

Brownfield, but with increase in infrastructure

? Q7: To enable future employment need to be met do you agree that the most sustainable approach is to allocate new sites close to the strategic highway network? Yes No

Comments

All highways in this area are already over capacity!!!

? Q8: In order to ensure that the Town Centre remains economically sustainable, do you agree that a "Town Centre First" approach should be taken to retail development? Yes No ?

Comments

I would think Brentwood Town Centre is already at near capacity. It took me an hour and five minutes recently to travel from W. Horndon to Brentwood.

? Q9: Are there opportunities for more open space provision in the area where you live?

Yes No

Comments
