Q1: Do you agree with the broad areas, for the purpose of considering approaches to growth?

Yes No

Comments

Yes the three broad areas chosen are sensible.

Q2: Do you agree with the issues raised within each of these areas?

Yes No

Comments

Yes but with reservations.

Q3: Do you have any comments on the appropriateness of particular sites? Yes No

Comments

Yes The use of greenfield sites 143,185,070,224,188 and 109 in Doddinghurst are unacceptable as they require to, and open the door to further development of green belt land. The plot 143 land east of Peartree lane and north of Peartree close will create substantially more traffic down Peartree Lane and Lime grove which are narrow lanes .There will be an increase in noise and light pollution.

Q4: Given the greater capacity for growth along the A127 corridor, which of the sites put forward do you think is the best location for growth?

Comments

The Dunton Garden Suburb proposal makes sense as it is designed from scratch with all the required amenities and will not have any adverse effect on existing neighbourhoods.

Q5: Should the A12 corridor accommodate growth by releasing sites on the edge of urban areas?

Yes No

Comments

Yes within reason

Q6: In order to provide for local need is it preferable for Greenfield sites on the edge of villages to be released, or to develop brownfield sites (both within the Green Belt)?
